

# Better Business Broadband

**SME's qualify for a £2,500 grant to upgrade to gigabit ultrafast broadband**

**POWERING A CONNECTED SOCIETY**

# £2,500 VOUCHER GRANT

**FIRST COME - FIRST SERVED - ACT NOW**

## Why go gigabit?

Fast and reliable broadband can help your business in many ways, such as:

- Stimulating business growth
- Reducing delays, costs and frustrations
- Improving productivity

## Gigabit Broadband Voucher Scheme

SMEs can benefit from up to £2,500 to move to a gigabit connection.

The Department for Culture, Media and Sport is providing these grants in order to help SMEs grow their businesses by upgrading to gigabit broadband.

## Adam Marshall

British Chamber of Commerce

*"Unreliable connections stunt productivity, causing needless delays, costs and frustration."*

**£2,500  
VOUCHER  
GRANT**

**CALL NOW**

## Eligibility

The scheme is for small and medium businesses with:

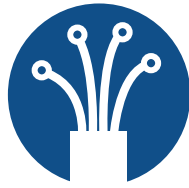

- Up to 250 employees
- A balance sheet of less than €43m or up to €50m in turnover
- Less than £200k in grants over the last three years

## Upgrade now

The Government has allocated £2 million towards the scheme, allocated on a first come, first served basis.

**Get in touch now and join the gigabit revolution.**
